It make me very angry that "The Justice Department" continues to keep Microsoft in the courts. How many years does it take? How much does Microsoft have to give up?

Remember this is the land of the free and where everyones dreams can come true, except when you don't like someone. It got so out of hand during "The Clinton Administration"

Microsoft is a huge player in our economy and everyone knows what happened when Janet Reno and Co. went after them.

Not many companies would be able to survive the length of time you have kept Microsoft in the courts.

I would like to see the Justice Department go after fraud in the Government with as much determination as it has gone after Microsoft.

SETTLE THIS SUIT!

Sincerely, Kirsten Matson
